

Celebrate Earth Day!

Earth Day is a day that is intended to inspire awareness and appreciation for the Earth's natural environment. The First Earth day was founded by United States Senator Gaylord Nelson in 1970 to promote the ideas of ecology, encourage respect for life on earth, and highlight growing concern over pollution of the soil, air, and water.

CHICKEN SOUP FOR THE SOUL-Stories for a Better World-Contains over one hundred inspirational stories about people who are working to transform their own lives and the world around them.

EARTHDAY-Tells the story of Earth Day 1970 and 1990 in the United States and the special activities planned to call global attention to the problems of pollution, environmental destruction, and waste of natural resources.

EARTH'S RESOURCES-Describes how Earth's various natural resources, including air, water, minerals, soil, and fossil fuels, are obtained and used, and discusses threats to these resources; conservation; and nuclear and renewable energy.

EARTH BOOK FOR KIDS: Activities To Help Heal The Environment-Creative ideas with easy-to-follow instructions show kids how to make their own paper, compare phosphate levels in detergents, test the effects of oil pollution, conduct a recycling survey, create a trash sculpture, redesign a package, chart a flush, measure acidity and make a difference in many other exciting ways.

CHATTANOOGA SLUDGE-Is there a way to clean the poisons from Chattanooga Creek? John Todd attempts to clean the toxic waters of Chattanooga Creek with a Living Machine.

DINOSAURS TO THE RESCUE! A Guide to Protecting Our Planet-Text and illustrations of dinosaur characters introduce the earth's major environmental problems and suggest ways children can help.
